FRIDAY, AUGUST 1. 1740.

Vienna, July 23. N. S.

**T**HE Messenger that came Express with the News from Constantinople of the Grand Vizier Mahomet Pasha's being depos'd, brought Letters importing, 'That the Janizaries and the Common People had for a long time demanded that he might be depos'd, upon various

ences; but that the Grand Seignior having constantly refus'd to hear their Demand, they had recourse to Artifice, and began to declaim against Treaties of Commerce lately concluded with Kings of Sweden, the Two Sicilies, and France; ending that they were disadvantageous to the Empire, and that they deviated entirely from the principles which the Porte had pursued for above hundred Years past, considering that they openly

ed to ruin the Trade of the English and Dutch Vessels, whom it was equally for the Honour and Profit of the Porte to be on good Terms with, in knowledge of past Services, and in Confidence of what might happen in Time to come.' Declarations, say the Letters, made such an impression upon the Grand Seignior, that he not only consented to the Deposing of the Grand Vizier, as the principal Author of the late Treaties; but in order to appease the Janizaries and the People more effectually, he had appointed the Kai of Constantinople to succeed him, who is a dear Friend and Favourite of the English and Dutch. Letters from Constantinople say, That the Kai first got an Interest with the Mussi, who procure him an Audience of the Grand Seignior, to whom he took that Opportunity to demonstrate several

which the Grand Vizier had committed in the War, notwithstanding the good Advice which the Kai (as he is called) had given him. Aug. 6. N. S. The Duke of Orleans, who was in the last Council, insinuated to his Majesty, that it was necessary to summon the Privy-Council of Marshals of France, to know their Opinion in the Affairs which have for some Time past been debated in the King's Council; but we hear that Cardinal, who cannot yet be reconciled to the Rights of a War, opposed the Motion, for fear the King should vote for a speedy Rupture with Great Britain; the very Apprehension of which has sunk publick Stocks: Tho' it is imagined they will rise again, as soon as the Court publishes the Treaty of Commerce with the Ottoman Porte, and as soon as we have determin'd to sign the Two Treaties that have been concerted with Spain concerning Trade and the Affair.

**The only short and infallible Cure**  
 for that reigning Disease the SCURVY, and all Scorbutick Humours,  
 tho' arrived to the highest and most inveterate Degree, or of  
 ever so many Years standing, and that without any sensible Evac-  
 uation or the least Purging, which by an unaccountable Mistake  
 is generally advis'd, although always found rather to increase and  
 confirm the Scurvy than cure it.

By the so much famed and most pleasant Chymical DROPS:  
**WHICH, without the least Trouble,**

Confinement, or any Disorder whatever, do at once strike  
 at the true Cause of the Scurvy, and intirely destroy it, and all  
 Scorbutick Humours and Effects, Root and Branch, so as never to  
 return again, as many Thousands of both Sexes have experienced,  
 and as all who take them in 3 Days time will be convinc'd; for  
 they almost instantly alter the morbid State of the Juices, purify the  
 Blood, sweeten all the Fluids, cleanse them from Impurities, and  
 directly clear the whole Habit from all Spots, Blisters, black and  
 blue Marks, Itchings, foul Eruptions, or Breakings out, Weariness  
 of the Limbs, languid Heaviness of the whole Body, wandering  
 Pains, Weakness of the Back, and all the vast Variety of Symp-  
 toms by which the Scurvy imitates and often lies concealed under  
 the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good  
 Appetite, causing a regular and easy Digestion of Food, and curing  
 all windy Effects and Disorders of the first Passages (whence pro-  
 ceed Head-achs, Vapours and other Indispositions) no Bitters nor any  
 other Medicine upon Earth can compare with them, inasmuch  
 that besides infallibly curing the Scurvy in all its Shapes and Ap-  
 pearances, they also assuredly and immediately cure the Green-sickness  
 in Virgins, Worms of all Kinds in young or old, and almost all  
 other Chronic Diseases, (which are chiefly occasioned by Indigestion  
 and sturulent Crudities in the Stomach and Bowels) and certainly  
 prevent Fevers, Agues, and other acute Illnesses.

They are wonderfully Cordial and Restorative, strengthen and  
 enliven the whole Machine, and as soon as taken, make the Patient  
 pleasantly Lightfoot, Brisk and Vigorous to admiration, and are  
 good for all Sorts of Persons, to preserve as well as to procure a  
 sound and healthy State of Body.

But the great Reputation these so much fam'd and pleasant Chy-  
 mical Drops have so universally gain'd among Persons of Eminence,  
 for their suddenly and infallibly curing the Scurvy and all Scorbutick  
 Humours, and other Chronic Diseases, in such an easy and  
 agreeable Manner, have occasioned many to imitate them, some  
 under the same, and others under other Names: Be careful there-  
 fore not to be deceiv'd; but be sure to have the Right, which by  
 the Author's special Appointment, are to be had only at the Gen-  
 tleman's, at the Two Blue Posts, in Haydon-Yard, in the Mil-  
 leries, at 3 s. 6 d. a Bottle, with Directions.

**ANTI-SYPHILICON**

**THE only short and most infallible**  
 Cure in the Universe for the Venereal Disease,  
 from the slightest Infection to the most extreme and  
 ble Degree of it, even when the Blood and Juices are  
 roughly contaminated with its malignant Virus, and the  
 ry Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their  
 Symptoms, tho' ever so severe, are entirely cured  
 it in a few Days, and so as effectually to prevent the  
 and Juices from being tainted with any remaining  
 on one Hand, or a venereal Gleet or Weakness  
 on the other.

And the most inveterate Degree of the French  
 attended with Nocturnal Pains, universal Breakings  
 and all the other most exasperated Symptoms, are  
 overcome by it, and effectually and much more  
 red than by Salivation, Imagination, or any other  
 whatever, and in so easy and pleasant a Manner, with-  
 pairing Strength, or occasioning any Inconvenience, as  
 to bespeak it the only opposite Remedy or true  
 Antidote in the World; and this some Thousands  
 their great Joy experienced.

It is pleasant to take, occasions no Sickness or  
 nor requires Confinement; but may be taken, and the  
 be accomplish'd, without the Knowledge of the  
 Friend.

Those who suspect they have received an Injury  
 by only a Dose or two of it, be perfectly freed from  
 Apprehensions; for it suffers no lurking Venom to  
 in the Body, but wholly extirpates it Root and Branch  
 a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remain-  
 icks of former Injuries, may by a few Doses of it intirely  
 themselves from all Suspicion of that Kind; for it  
 no Foulness, Corruption, or Putrefaction whatever, re-  
 main in the Fluids, or to adhere to the Solids; and  
 Account, in all scorbutick, scrophulous, and even  
 Eruptions or Foulnesses of the Skin, Glandulous  
 and Impurities of the Juices, it does more by it  
 than any other Medicine yet known can by ten.

The Price of this most Noble Anti-Syphiliticon  
 Six Shillings a Pot, which, considering its extraordinary  
 efficacy, one Pot only being sufficient in most Cases to  
 plish the Cure, is not a tenth Part of its Value; and is  
 pointed by the Author to be had only at Mr. Rastell  
 Toyshop, at the Rose and Crown against St. George's  
 Church-Yard in the Strand, ready sealed up with a  
 Instructions, by the Perusal of which, all Persons who

 rooted out of their Bodies

Note, Ask only for a Six Shilling Pot for the Scurvy.
